## Walking Field Trip & Inter-Campus Events

### RELEASE OF LIABILITY

The teachers at Divine Savior sometimes take their students on walking field trips in Kiel and New Holstein. These include but are not limited to: special trips to local businesses, public library, Senior Center, area parks, the fire department, and the public schools. Also, students are transported between campuses for special events, buddy visits, music rehearsals/concerts and masses.

In consideration of my child's participation in these field trips and inter-campus events, I give permission for my child to leave school grounds (walking/bussed) to participate in the field trip/activities and I waive and relinquish any and all claims and rights for injuries that may occur with anyone involved on the field trip.

If we do not have this form on file at school, your child will not be allowed to leave school grounds.
